PROFILE

I am constantly looking to learn about everything, always pushing my skills forward in every way I can to grow and further myself as a designer. I enjoy communicating and the fact that a simple idea can become a reality. Every client brings an opportunity to express and create something different. My goal is to use my creative passion and skills to impact the eye of the public and make outstanding and longlasting visuals. With more than 10 years of experience as a graphic designer this is the passion I work for and it brings happiness to my life.

WORK EXPERIENCE

GRAPHIC DESIGNER – MYCHURCH

JANUARY 2016 - PRESENT

myChurch is a new church plant based in Jacksonville, FL. that launched in 2017. I had the opportunity to develop the structure of the church and the look & feel. Some of the works that have been done are: t-shirts, hats, social media, landing page, website, print signs, sermon series and much more. The freedom and the concept of always creating something meaningful is what I enjoy the most.

GRAPHIC DESIGNER – SOUTHEASTERN GROCERS

FEBRUARY 2017 - PRESENT

Southeastern Grocers is the leading grocery company in the south established since 1925. This is a fast pace environment with hard deadlines. The primary focus of this job is based of print production but it includes creative and digital opportunities as well. Through this job I have learned the importance of specs, colors and techniques of print production to produce a good quality product.

GRAPHIC DESIGN – CHAT AGENCY

DECEMBER 2014 - MARCH 2017

This agency is concentrated on digital designs, basically most of the work was for social media. I worked on the social designs for 12 different brands: Kia Motors, Kinder Bueno, Malta India, The Hotel Condado Plaza and many others. There was always a variety of work, where I had the opportunity to also create printed works for banners, posters, brochures, one page folders and street signs.

EDUCATION

Atlantic University College, is the #1 digital art institution in Guaynabo, PR. It is an Emmy Award winning college. I graduated with a bachelor's degree in graphic designs with a GPA of 3.44 in 2014. During my course I took clases of photography, history on cinematography, digital art, illustration and web design.
